AI-Assisted Development: Generative AI Tools, LLM-Assisted Coding, Prompt Engineering, AI-Driven Code Optimization & Rapid Prototyping

Tools & Platforms: Git, GitHub, Postman, cPanel, Razorpay API Integration

Other: SEO Optimization, Performance Tuning, Technical Mentoring, Remote Team Collaboration

PROFESSIONAL EXPERIENCE

Senior Web Developer - SpireTec Solutions, Noida (Remote)

June 2024 - Present

- Promoted to Senior Web Developer for leading full-stack project execution and mentoring junior developers in a remote team setup.
- Architected and developed 10+ production-ready web applications, including e-commerce platforms, e-learning systems, and enterprise admin dashboards.
- Delivered 50+ scalable websites serving 2,000-3,000+ monthly users with optimized load performance and improved UI/UX.
- Adopted AI-assisted development workflows (Generative AI / LLM tools) to speed up coding, debugging, and feature delivery without compromising code quality.
- Guided team members on clean coding practices, deployment workflows, and system performance optimization.

Web Developer - IT Academics Pvt Ltd, Lucknow

March 2024 - May 2024

- Developed an Online Tax Management System using PHP CodeIgniter with integrated Razorpay payment gateway and automated invoice generation.
- Built a dynamic complaint management module and admin dashboard for streamlined operations.

Web Developer - Digicoder Technology Pvt Ltd, Lucknow

Oct 2023 - March 2024

- Developed a MERN stack-based e-commerce platform with complete order lifecycle management and admin control panel.
- Built responsive websites for NGOs and corporate clients with modern UI and REST API integrations.

Web Developer Intern - Digicoder Technology Pvt Ltd, Lucknow

May 2023 - Sept 2023

- Assisted in development and testing of live web projects, gaining hands-on experience with modern frontend and backend tools.

Web Developer Intern - Softpro India Pvt Ltd, Lucknow

Sept 2022 - Nov 2022

- Started professional journey by working on foundational web development tasks and supporting the in-house development team.

KEY PROJECTS

CA TestTonic - Live E-Learning & Test Series Platform (*catesttonic.com*)

- Built a paid e-learning system for CA Test Series with student registration, login, cart, and payment workflow.
- Implemented dashboard-based access after purchase, a solution upload module with admin review, and a pass/fail result visibility system.

SpireTec Solutions - Corporate & E-Commerce Platform (*spiretecsolutions.com*)

- Built a fully dynamic platform with admin and user panels, including a license key store with cart, Buy Now, and Razorpay integration.
- Implemented student registration with online fee payment, automated SMTP email notifications, live chat, and role-based access for admin and students.

A Desk For Justice - Legal Services Platform (*adeskforjustice.com*)

- Developing a dynamic platform for legal and lawyer profiles with full GST compliance and online tender filing.
- Building separate admin, user, and lawyer dashboards with integrated payment gateway support.

EDUCATION

B.Tech in Information Technology - Ambalika Institute of Management and Technology, AKTU (2024 - 2027)

Diploma in Information Technology - Government Polytechnic, Aurai, Bhadohi, BTEUP (2021 - 2023)

ADDITIONAL HIGHLIGHTS

- 4+ years of consistent professional growth - from Intern to Senior Web Developer in under 2 years.
- Strong focus on writing clean, maintainable, and scalable code following industry best practices.
- Comfortable working in fully remote environments with cross-functional and distributed teams.
- Passionate about leveraging modern AI tools to deliver projects faster without compromising on quality or security.
